

iMiD 2025

The 25th International Meeting on Information Display
August 19-22, 2025 / BEXCO, BUSAN, KOREA

Company Name	Fluxim AG	Company Logo
Address	Katharina Sulzer Platz 2 8400 Winterthur Switzerland	
President	Beat Ruhstaller	
Website	www.fluxim.com	
E-mail	info@fluxim.com	
Telephone	+41 44 500 47 70	
Fax	+41 44 500 47 79	
Exhibitor Introduction	Fluxim AG has been supporting both academic and industrial R&D in the display sector since 2007. Our simulation software Setfos and Laoss are industry-proven tools for the design and optical modeling of OLEDs, QD-LEDs, perovskite-based emitters, and other emerging display technologies. For experimental work, we provide advanced characterization platforms including Paios , Phelos , and stability testing systems Litos and Litos Lite , enabling fast, reliable insights from fresh device measurements to long-term degradation analysis	
Exhibit Description	Fluxim's commercial tools for R&D in emerging display technologies including OLED, QD-LED, Perovskite LED are introduced at the exhibit	
Exhibit Product	The all-in-one opto-electronic measurement system Paios and the angular spectrometer Phelos are demonstrated besides the simulation software SETFOS and LAOSS.
